WORK EXPERIENCE

2022-present Frontend Engineer | Hijra Bank Group

As a Frontend Engineer at Hijra Bank, I am thrilled to share with you the exciting projects I'm currently working on:

- House Financing with our Financing Originate System:**
I'm at the forefront of developing a cutting-edge Financing Originate System, aimed at transforming how house financing is done. Through this innovative system, we are streamlining the financing process, making it faster, more efficient, and user-friendly for our valued customers.
- Hijra Home Feature on Mobile Apps:**
One of the most rewarding aspects of my role is working on the Hijra Home feature for our mobile apps. This feature is designed to provide an enhanced and personalized home-buying experience for our users. With intuitive navigation, real-time updates, and interactive tools, we aim to empower potential homeowners to find their dream homes seamlessly.

2021-2022 Junior Web Developer | Cindrum

1 Years
Part of team to develop cryptocurrency webs, such as exchange web and wallet. Specialized in front-end in the project. Help the team to design UI/UX and convert it to the Vue project. I am on the deep learning process in Unreal Engine to develop Games.

2016-2020 Internal Audit Manager | KSP Mitra Dhuafa

3 Years

- Conducted strategic and technical reviews to verify compliance with quality control standard, schedule constraint and budget parameters.
- Gathered and analyzed financial data to determine improvement efforts
- Trained and mentored department staff on policies and procedures to establish strong foundation for client development and service activities
- Facilitated internal audits and prepared detailed reports on findings
- Analyzed accounting systems for efficiency and effectiveness
- Recommended changes to management regarding financial operations

2010-2016 Management Information System Officer | KSP Mitra Dhuafa

6 Years

- Handled day-to-day running of Company Information System, ensuring high levels of productivity and progression using HTML, CSS, PHP and ASP.Net
- Conducted research, gathered information from multiple sources and presented results
- Maintained and repaired facilities, equipment and tools to achieve operational readiness, safety and cleanliness.
- Prepared a variety of different written communications, reports and documents to ensure smooths operations.
